Personal Profile:

After moving to a new city, I settled well into my new role as a student. Showing myself to be self-motivated, organised and capable of working under pressure. I have a clear, logical mind with a practical approach to problem solving and a drive to see things through to completion. I enjoy working on my own initiative or in a team. In short, I am a reliable, trustworthy, hardworking and eager to learn.

Hobbies / Interests:

I have many hobbies and interest, primarily using and understanding computer systems this includes building, tinkering, and taking apart computer hardware as well as developing software to accomplish goals which I have set. I also enjoy playing online strategy games with people from around the world. Aswell as watching both films and TV series' and attending the theatre when time allows. I also love the outdoors and used to go hiking regularly, I have been on many expeditions on my own and with the cadets when I was younger, although I have not been in some time.
